SUBJECT: Lines of Authority Migration

Important Notice About Changes to Your Insurance Producer License and Continuing Education Requirements

The Department has adopted uniform producer licensing measures for reciprocity reasons. You are receiving this notice because you hold a line of authority that has been migrated to a recognized line of authority.

Lines of authority issued in prior years that are no longer consistent with NAIC reciprocity measures or Nebraska statute will no longer be used. Those lines will be migrated to current lines, as referenced on the reverse side of this notice. If your license is impacted, it is important to note that this change will not reduce your ability to sell, solicit or negotiate those same types of insurance products for which you were authorized before the change. However, continuing education requirements applicable to your license may possibly change. Any new continuing education requirements will be exempt for the first renewal following this change.

In addition to the changes to lines of authority, the Department will be migrating two license types to a recognized line of authority. This migration will include license types Producer – Group Enrollment, and Producer – Limited Property Loan.

The changes are effective August 1, 2008. The tables on the reverse side of this notice will assist in displaying the resulting changes. Please direct any questions you may have to Jason McCartney, Producer Licensing Administrator, at 402-471-4707, or by email at Jason.McCartney@nebraska.gov.
